# ANGELIC FACES

HEAVENLY LOOKS FOR THE HOLIDAYS

Gearing up for the holidays? Here are some of the hottest looks we found to get you in the festive spirit. The best part? They're all easy to recreate right at home!

## HOLIDAY MAKEUP ESSENTIALS

### Office Party

Amp up the glam from your daily makeup routine. Brighten your face with the right blush and the perfect highlighter to accentuate and add definition. Finish off this look with a hint of sparkle for this magical evening.

### New Year's Eve Party

Here is where you can bring out your edge. Dark eye makeup with a bronzer will give your face an enchanting air of mystery. Hide blemishes with concealer to have a flawless appearance.

### Holiday Family Gathering

Keep it mellow with family and friends. A simple foundation and finishing powder will do wonders for a natural look.

## EYES

### Ooh-La-Lash!

These spider lashes will not only open up your pretty peepers, they will also draw everyone's attention!

**EXPERT TIP** Clump up your lashes for a more edgy look, or separate them for a doll-like appeal.

### Smolder-ize!

Achieve a smoldering gaze by lining both your upper and lower lashes.

**EXPERT TIP** Need more definition? Fill your lids with a metallic eye shadow-woot, extend your liner and give it a feisty feline flick!

### A Pop of Color

A certified crowd-pleaser: Pair nude makeup with ultra-bright eye shadow shades!

**EXPERT TIP** Go for fun and festive shades like fire engine red or emerald green!

## LIPS

### Go Dark

Bright reds are great, but if you're looking to stand out, go for darker shades, like oxblood.

**EXPERT TIP** This look is particularly powerful for raven-haired girls.

### Better than Bare

Beiges and browns are anything but boring, plus these shades allow your natural beauty to shine!

**EXPERT TIP** Flawless skin looks best with this look.

### Pretty in Pink

Go sweet and subtle with a pale pink gloss, or bring out your fun side with a hot pink shade.

**EXPERT TIP** Pair your pale pink lips with a smoky eye makeup for contrast.

## HAIR

### The Top Bun

This elegant hairstyle is a party staple as it complements any outfit.

**EXPERT TIP** Loosen up some strands and let them fall on the sides of your face for a softer look.

### The Ombre

If you think ombre hair is so last year, think again! This color trend will surely make heads turn.

**EXPERT TIP** If you're not willing to commit to a permanent color, go for a temporary hair color spray.

### The Hairline Braid

Feminine and fun, this 70s-style braid is the perfect way to let your hair show!

**EXPERT TIP** Looks best with on-trend natural makeup.

Whatever look you choose, remember to accessorize it with confidence, grace and a joyful spirit. It's the holidays after all, so leave your worries at the door and treat yourself to many nights of festive fun!
